SKILLS

Languages: Java, JavaScript
Frontend: HTML, CSS, React.js
Backend: Spring Boot, NodeJS
Tools/Platforms: Git, GitHub, Docker, VS Code
Soft Skills: Problem-Solving, Team Player, Project Management, Adaptability

TRAINING

Java Full Stack Development – HCLTech

Dec'25 – Feb'26

- Gained hands-on experience in **Java, Spring Boot, REST API development, and full-stack application architecture**
- Developed scalable web modules integrating **React frontend with Java backend services**
- Learned industry practices, including **MVC design pattern, database integration, and real-time application workflow**

PROJECTS

Bean & Brew - Smart Coffee Queue System | *Spring Boot, React*

Jan'26

- Developed a real-time queue management system using a **priority-based scheduling algorithm**, Spring Boot REST APIs, and WebSocket communication to reduce customer wait time.
- Built a responsive **React + TypeScript dashboard** for live queue tracking and workload visualization, improving processing efficiency by ~20%
- Containerized full-stack application using **Docker & Docker Compose**, enabling scalable deployment and streamlined development workflow

Luxe Stay – Hotel Management System | *MERN*

Oct'25

- Created a full-stack MERN hotel booking platform, developing a Node.js/Express.js backend to serve real-time room availability data.
- Designed a responsive, component-based frontend in React.js and built a comprehensive admin interface for managing bookings.
- Construct a MongoDB for database connectivity, successfully stress-testing the system by managing 1,000+ reservation records.

Library Management System | *Java(oops)*

Jan'25

- Designed a console-based system applying encapsulation, abstraction, inheritance, and polymorphism for clean code structure.
- Utilized Java File I/O to maintain 100+ library entries, ensuring data remains available across sessions.
- Organized classes for books, members, and staff, improving readability and logic separation across features.

CERTIFICATES

HTML, CSS, and JavaScript for Web Developers | Coursera

Apr'24

Server-side JavaScript with Node.js | Coursera

May'24

Generative AI with Large Language Models | Coursera

Apr'24

EDUCATION

Lovely Professional University

Bachelor of Technology

Computer Science and Engineering; CGPA: 7.19

Phagwara, Punjab

Nov'22 - Present

Lalita Devi I C School

Intermediate

PCM; Percentage: 73%

Ballia, Uttar Pradesh

Apr'21 – Apr'22

Sunbeam School

Matriculation

Percentage: 79%

Ballia, Uttar Pradesh
